

# BADGER SHIELD+

## Benefits of Face Shields:

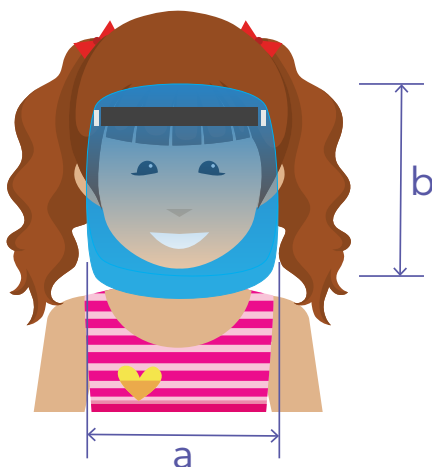

- Barrier over the eyes, nose and mouth.
- For single user- cloth can be cleaned, lens sanitized.
- Limits airflow from under the shield to the face.
- SMS Surgical grade fabric lower covering.
- Adjustable elastic and cord lock around chin.
- Full face view for expressions and reading emotions.\*

Badger Shield+ are barrier face shields designed for youth or adults:

We offer a Kids Size and an Adult size. Please refer to the chart below for sizing information. The cloth is sewn to the shield and is not removable. The top of the cloth is cinched with an elastic band and cord lock, to adjust the shield opening by the ears for comfort and protection. Badger Shield+ is not a sealed respirator system.

Size chart:	Kids	Adult
Suggested Age Range*	3-12	11+
Lens Width (a)	11"	13"
Lens Height (b)	8.25"	9"
Elastic dia. (avg. light stretch)	7"	8"

\*Individual children may vary in shield size.

## About Badger Shield:

Badger Shield is a consortium between the University of Wisconsin Makerspace, Delve, and Midwest Prototyping that began with the start of the COVID-19 outbreak. We provided an open-source design and have been leading the charge on producing safe, effective, and inexpensive face shields. Additional PPE items, sanitizing anti-fog spray, and answers to frequently asked questions are all available by going to our website or email.
