

This is to certify that the Quality Management System of:

Midwest Prototyping, LLC

Headquarters
10949 Blackhawk Drive
Blue Mounds WI 53517
United States of America

Central function listed above. See appendix for additional locations

applicable to:

Rapid prototyping and end-use production via additive manufacturing, urethane casting, machining, and finishing. Additive manufacturing technologies include: Selective Laser Sintering (SLS), Fused Deposition Modeling (FDM), Multi Jet Fusion (MJF), Stereolithography (SLA), Digital Light Synthesis (DLS), and PolyJet

has been assessed and approved by
National Quality Assurance, U.S.A., against the provisions of:

ISO 9001:2015 and AS9100:2016

and in accordance with the requirements of AS9104/1:2012.

For and on behalf of NQA, USA

Certificate Number: 17778
EAC Code: 14
Certified Since: June 12, 2019
Valid Until: June 11, 2022
Cycle Issued: June 12, 2019
Site Structure: Multiple Sites

Certificate of Registration

Appendix to Certificate Number: 17778

Includes Facilities Located at:

Midwest Prototyping, LLC
Headquarters
Certificate Number 17778
10949 Blackhawk Drive
Blue Mounds WI 53517
United States of America

Additive Manufacturing, Urethane Casting, Machining and Finishing

Midwest Prototyping, LLC
Colorado Production Facility
Certificate Number 17778
1100 W 120th Avenue
Westminster CO 80234
United States of America

Additive Manufacturing (SLA, FDM, and PolyJet) and Finishing

Midwest Prototyping, LLC
CNC Machining Facility
Certificate Number 17778
10954 Blackhawk Drive
Blue Mounds WI 53517
United States of America

Machining Manufacturing

Midwest Prototyping, LLC
Urethane Casting Production Facility
Certificate Number 17778
325 W Front Street
Mt. Horeb WI 53572
United States of America

Urethane Casting Manufacturing

Certified Since: June 12, 2019

Valid Until: June 11, 2022

Cycle Issued: June 12, 2019
